

Housekeeping & Lighting Hazards

HAZARD 2 · UNSECURED ITEMS

Hazard: Boxes and debris cluttering the walkway near the equipment.

Risk: Tripping and injury; obstructed access to equipment and emergency exits.

Corrective action: Remove the boxes and recycle where possible. If they can't be cleared right away, inform the Job Lead to have the area corrected. Keep walkways and equipment access clear.

Do NOT: Use the boxes as pedestals to reach the top of the gear.

HAZARD 3 · FLICKERING LIGHT

Hazard: Light off/ flickering in the work area.

Risk: Poor visibility hides dangers and increases the likelihood of accidents.

Corrective action: Inform the Job Lead of the faulty light. Use temporary lighting if necessary until it is repaired.

Do NOT: Leave to buy or fit a bulb yourself without informing the Job Lead or customer.
